

CATALYST INVESTMENT RESEARCH™
Combining Shareholder Activism & Deep Value Company Analysis

Research Uncovers Fundamentally Solid Companies With A Value Investment Catalyst Driven By Activist Investors

Exclusively offered to no more than 50 subscribers in 2010, *Catalyst Investment Research™* singles out companies with extraordinary value potential where activist investors have taken sizeable investment positions and are pressing management to unlock hidden pockets of value.

Recent academic studies show that stock prices of companies targeted by activist investors earn 10.2% average returns during the period surrounding an activist's ownership disclosure and an additional 11.4% abnormal return during the following year.* Other independent research reveal companies in which activists gained board seats outperformed peers by 1660 basis points (16.6%) from the date of the contest through a year after the election date.**

Catalyst Investment Research™ closely monitors the investments of more than 50 event-driven activist investors and finds the best of these investment opportunities with a near-term catalyst for value improvement.

With daily emails, weekly summaries, in-depth company analyses, quarterly buying & selling updates, and special research reports, subscribers identify undervalued companies with the potential to generate outsized returns. In addition, subscribers receive a copy of *The Shareholder Activism Report* (a 400+ page comprehensive report on activist investing) and gain access to *The Shareholder Activism Resource Portal* and our network of specialists - including our research analysts and consultants, research professionals and the activist investors themselves - through one-on-one meetings, conference calls, regularly scheduled luncheons and annual conferences.

Catalyst Investment Research™ Report

In-depth analysis of company-specific activist situations. These reports single out companies with extraordinary value potential where activist investors have taken sizeable investment positions and are pressing management to unlock value. Each report examines the activist's investment thesis, the timeline for a catalyst event to potentially occur, the activist's track record for success in previous interventions, and the likelihood that the activist will be instrumental in boosting value in a short period of time.

CIR Quarterly Buying & Selling Analysis

We analyze the change in ownership of the top performing activist investors, examine the fundamental value characteristics of each company they're invested with, and discuss what we believe to be the top ten companies with the most compelling investment opportunity.

Special Reports

Previously featured in *The Wall Street Journal*, our special reports identify timely investment ideas involving activist investors. Stocks highlighted in these reports have gained as much as 280% in value within 30 days.

The Shareholder Activism Report & access to The Shareholder Activism Resource Portal

The Shareholder Activism Report, a 400+ page comprehensive publication and the related resource portal (published by The Conference Board and co-authored with Hedge Fund Solutions) provides one reliable source of information covering all aspects of activist investing, including: top 50 activist investor profiles and investment strategies, target profiles, activist tactics, proxy contest case studies and hundreds of "fight" letters and presentations available to download.

Access to Specialists & Activist Investors

For the past nine years we have advised activist investors, traditionally passive institutional investors, pension funds, labor unions, CEO's and Board members on many of the critical issues relating to shareholder activism and value enhancement. As a result, our knowledge runs deep and our network is extensive. Subscribers tap into this knowledge base through one-on-one meetings, conference calls, luncheon presentations, and annual conferences.
